## "The Sabbath: God's Provision for Discovery and Recovery" Part 3

Colossians 2:16-17

**Main Idea:** Though Sabbath is a wonderful gift from God, it is only a shadow of the rest available in Christ and accomplishes nothing toward securing God's favor or increasing our righteousness.

1) What are some things that we are tempted to add, or are pressured to add, to faith in Christ to arrive spiritually or earn God's favor? Do you have a tendency to do this with anything?

2) How might a weekly day of rest unto the Lord (Sabbath) point us toward the substance that is found only in Christ?
